Career Objective

Motivated and adaptable Electronics and Communication Engineering student seeking an opportunity to apply technical, communication, and problem-solving skills while continuously learning and contributing to organizational growth.

Education

Srinivasa Ramanujan Institute of Technology

B.Tech in Electronics and Communication Engineering

CGPA: 8.6/10

Anantapur

2023 – Present

SLN Junior College for Girls

Intermediate

Percentage: 92%

Ananthapur

2021 – 2023

Z.P High School

SSC

Percentage: 98%

Siddarampuram, Sathya Sai

Up to 2020

Skills

Programming: C, Python

Exposure: MATLAB, Xilinx Vivado, Arduino, Tinkercad, DOSBox

Interests: Embedded Systems, IoT, Robotics

Projects

Smart Home Security and Intrusion Alert System:

Developed an Arduino-based smart home security system capable of detecting unauthorized access using sensors and sending real-time alert notifications through the Blynk IoT platform. Integrated a camera module to capture images/videos for identifying intruders and improving home security monitoring using Arduino Uno, IoT technology, and embedded system concepts.

Certifications & Training

Electric Two-Wheeler Technology Workshop - IIT Madras

Microsoft 365 Fundamentals - Coursera

Embedded Systems, IoT and Robotics - Aariv Technologies

PCB Design and Fabrication Training

Extracurricular Activities

Participated in NSS activities and community service programs.

Visited Kamarajar Port (Ennore) to understand cargo import and export operations.

Additional Information

Languages: Telugu, English

Strengths: Communication, Adaptability, Team work, Determined

Hobbies: Reading Books, Creative Crafting and Upcycling
